Submitted on 23 Apr 2012

HAL is a multi-disciplinary open access archive for the deposit and dissemination of scientific research documents, whether they are published or not. The documents may come from teaching and research institutions in France or abroad, or from public or private research centers.

L'archive ouverte pluridisciplinaire **HAL**, est destinée au dépôt et à la diffusion de documents scientifiques de niveau recherche, publiés ou non, émanant des établissements d'enseignement et de recherche français ou étrangers, des laboratoires publics ou privés.

ACOUSTICS 2012

THIS COMMUNICATION IS CANCELLED. Direct and inverse scattering of transient acoustic waves by a double-layered porous materials having an elastic frame

M. Sadouki^a, M. Fellah^a, Z.E.A. Fellah^b, E. Ogam^b and C. Depollier^c
