HAL is a multi-disciplinary open access archive for the deposit and dissemination of scientific research documents, whether they are published or not. The documents may come from teaching and research institutions in France or abroad, or from public or private research centers.

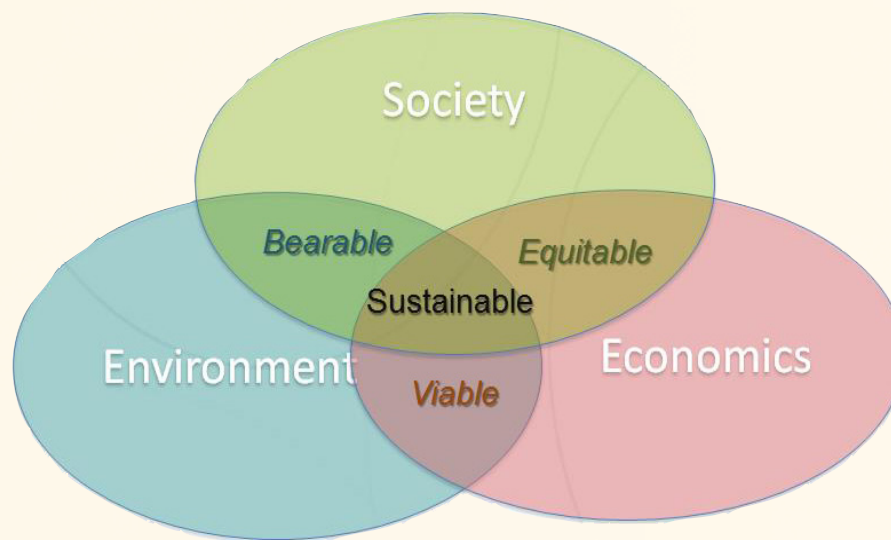

L'archive ouverte pluridisciplinaire **HAL**, est destinée au dépôt et à la diffusion de documents scientifiques de niveau recherche, publiés ou non, émanant des établissements d'enseignement et de recherche français ou étrangers, des laboratoires publics ou privés.

SUSTAINABLE GROWTH RESEARCH PROGRAM

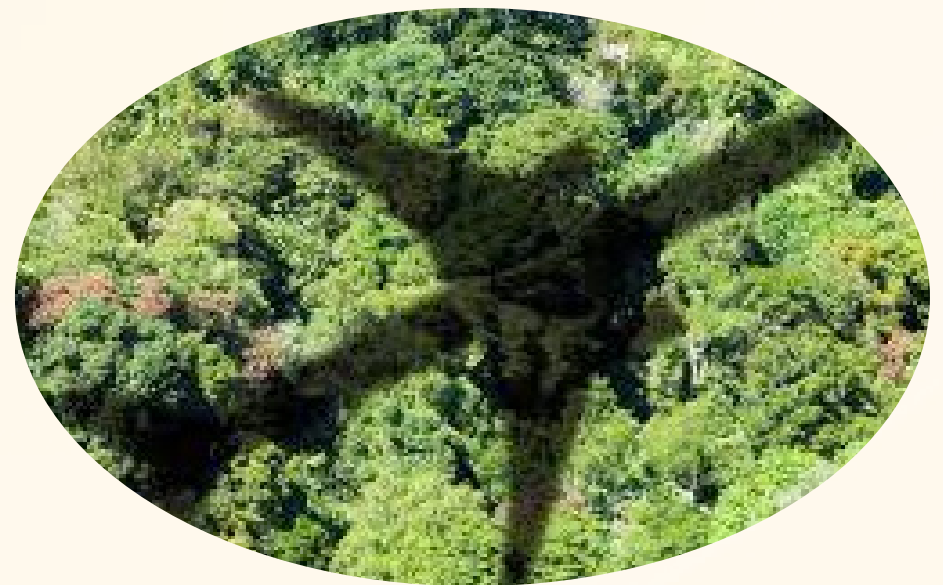

The Sustainable Growth Research Program develops research projects focused on air transport sustainable growth issues. The objective is to deal with viable schemes of air transport to reconcile the three human activity main pillars: society, economics and environment.

AIR TRANSPORT SUSTAINABLE GROWTH

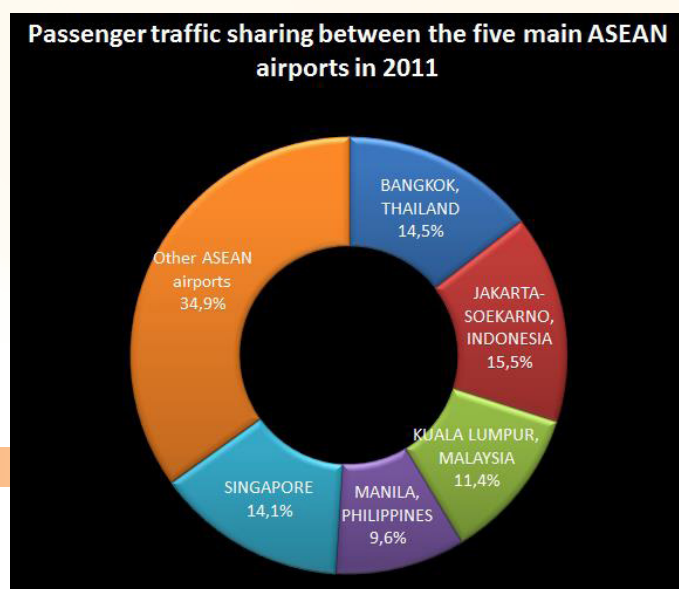

META-CDM

Conception of a sustainable airport CDM to optimize the passenger experience and reduce disruption costs

ASEAN

ASEAN air transport liberalization: Potential economic impacts & consequences on air transport market organization

TEAM_PLAY

European Modelling Community to assess environmental policy measures (e.g. European Trading Scheme)
