HAL is a multi-disciplinary open access archive for the deposit and dissemination of scientific research documents, whether they are published or not. The documents may come from teaching and research institutions in France or abroad, or from public or private research centers.

L'archive ouverte pluridisciplinaire **HAL**, est destinée au dépôt et à la diffusion de documents scientifiques de niveau recherche, publiés ou non, émanant des établissements d'enseignement et de recherche français ou étrangers, des laboratoires publics ou privés.

TRANS-NATIONAL ACCESS TO BRCs WITH EMbaRC: A User-oriented Approach to Foster Research and Innovation

What is Transnational Access?

- Study visits (1 to 6 weeks) in partner BRCs
- Access to one or several BRCs
- Hands-on sessions and associated training
- For EU research teams non-EMbaRC partners
- Selection upon scientific quality
- Free for the users: bench fees, travel and subsistence covered by EMbaRC
- Open to all research organisations, public or private, from EU Member States and Associated Countries
- No condition on nationality of the users
- Commitment to disseminate results

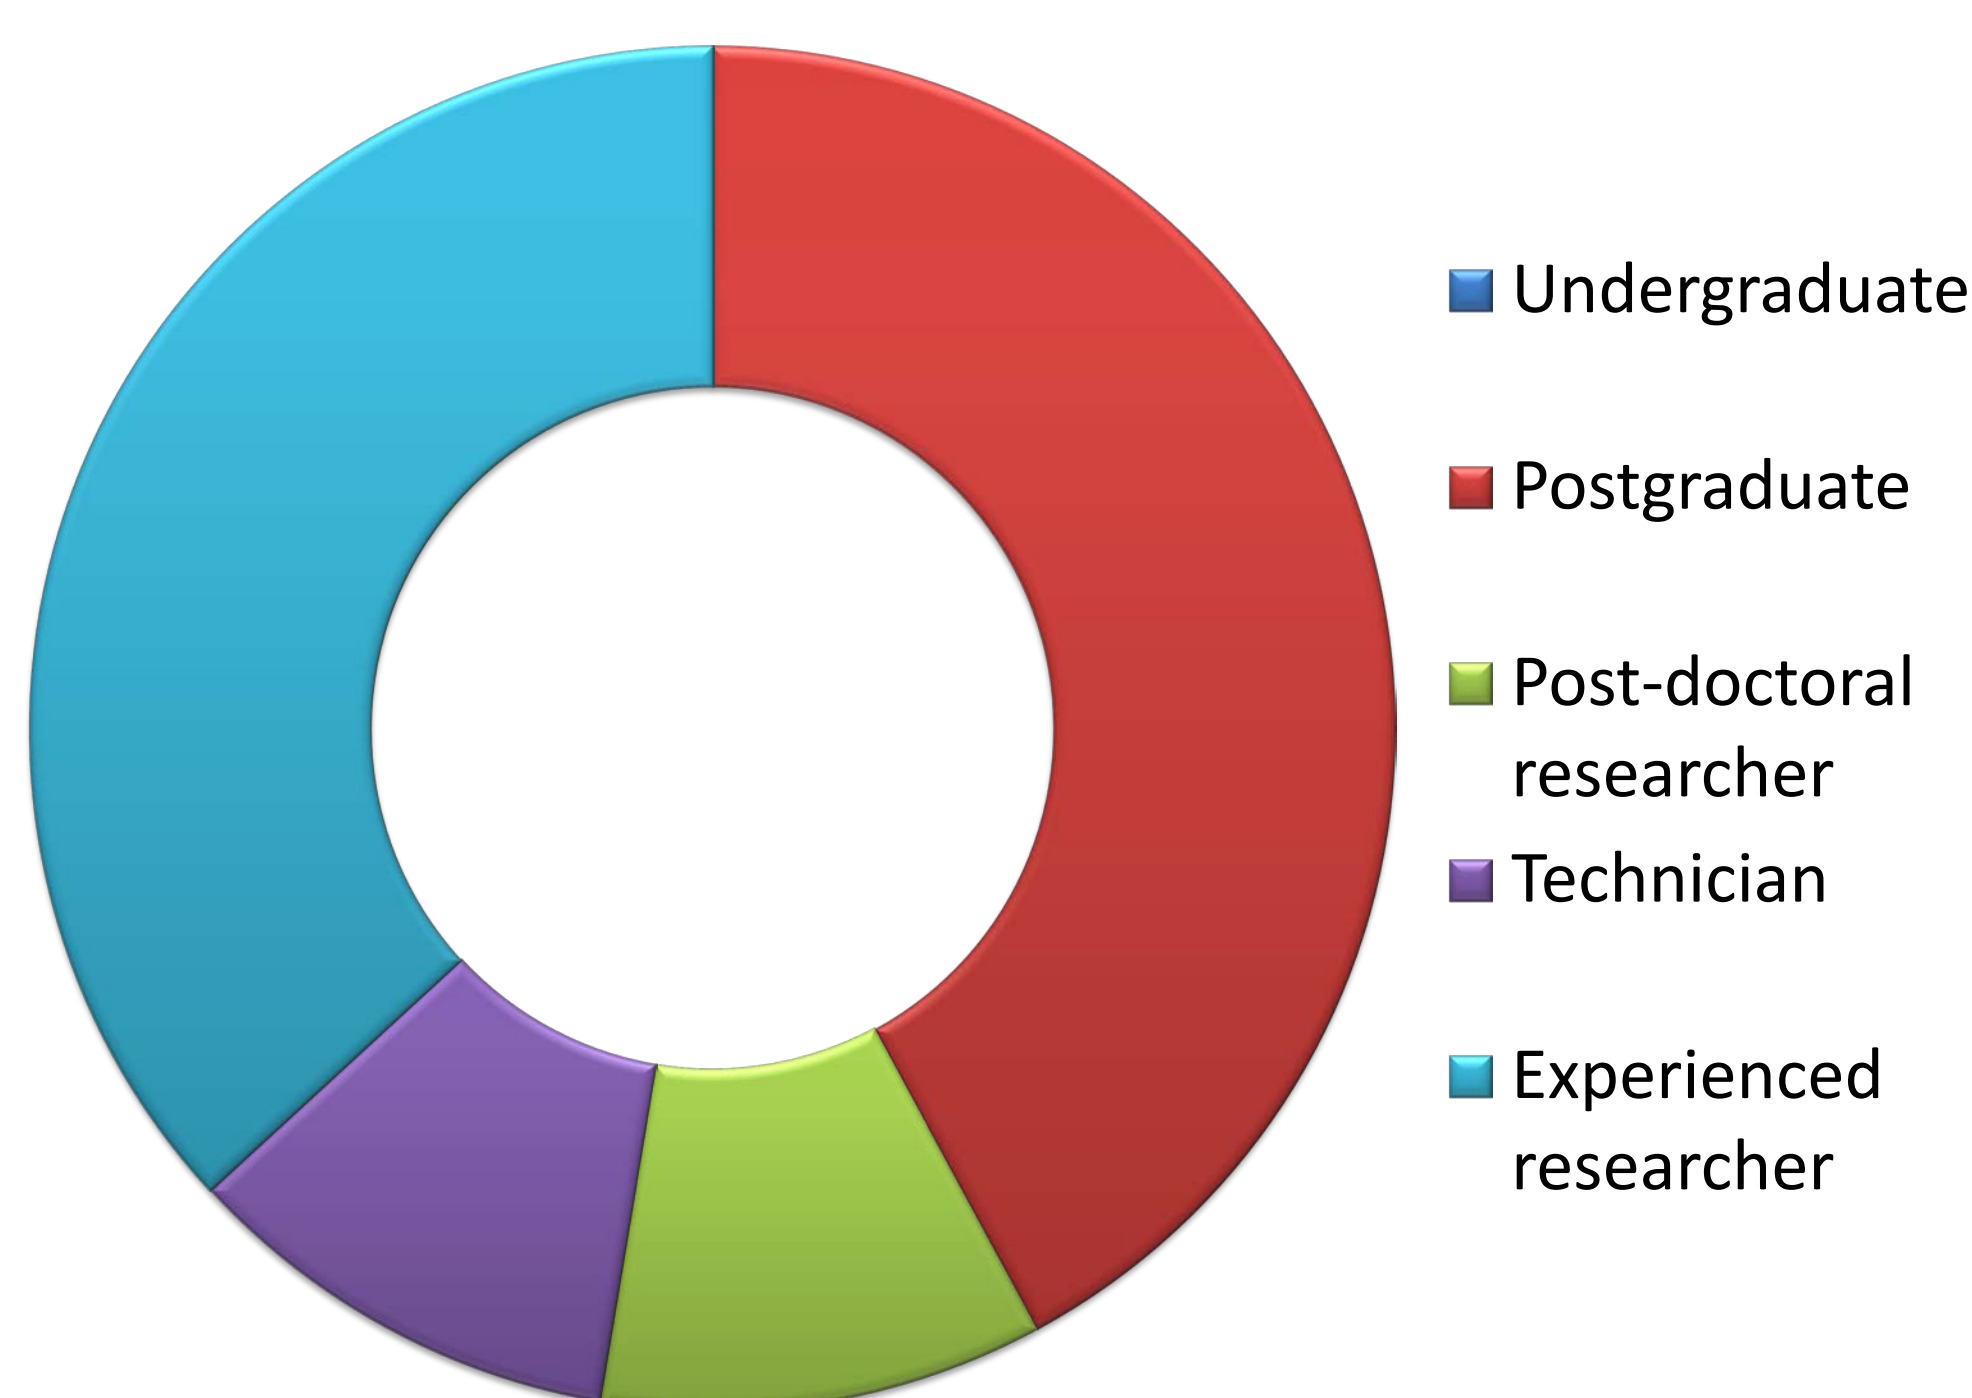

User origin (user's institution)

- Diversity of origin.
- Outreach to many countries not represented in EMbaRC consortium.

Researcher status

- +50% of MSc and PhD students

A broad diversity of experiments

Age of the users

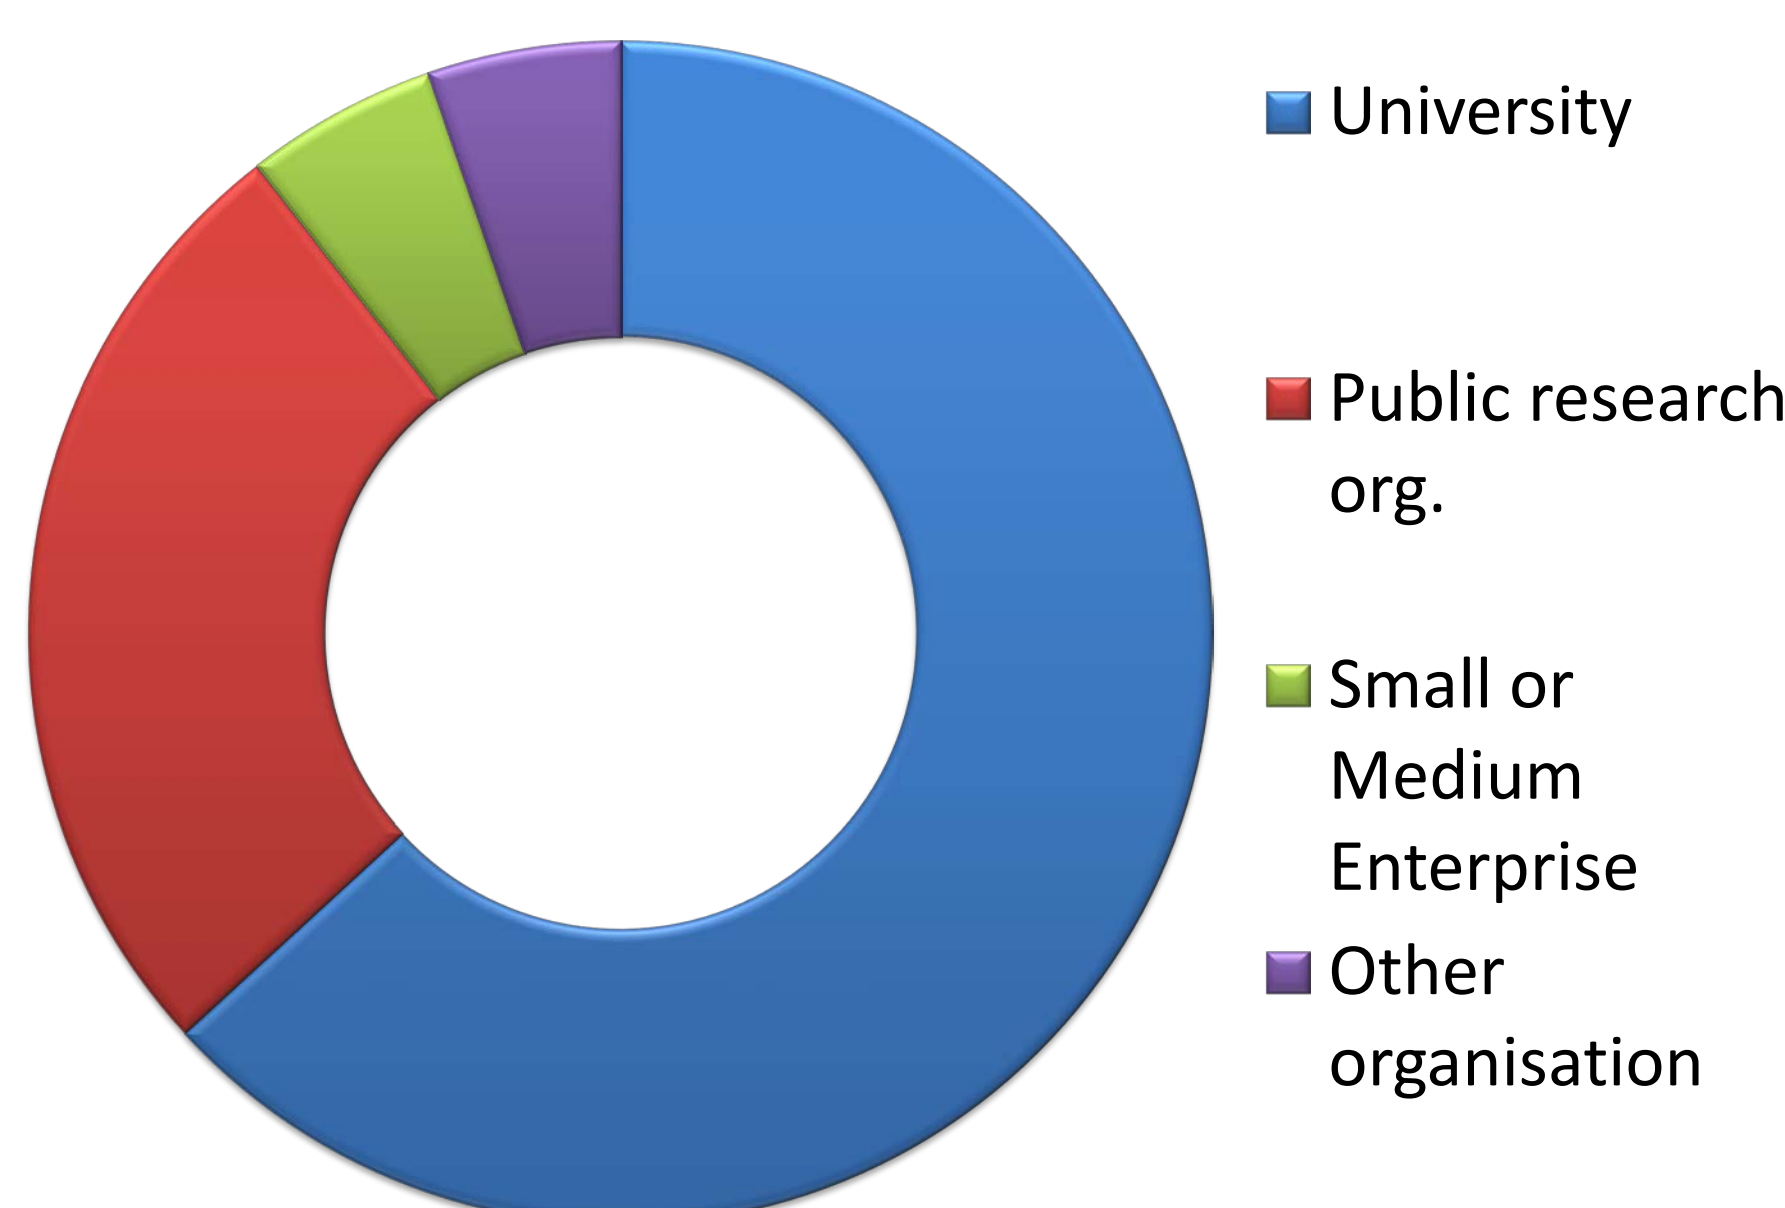

- Median: 34 years old
- Average: 36
- 79% under 42
- 26% under 30

Gender of users

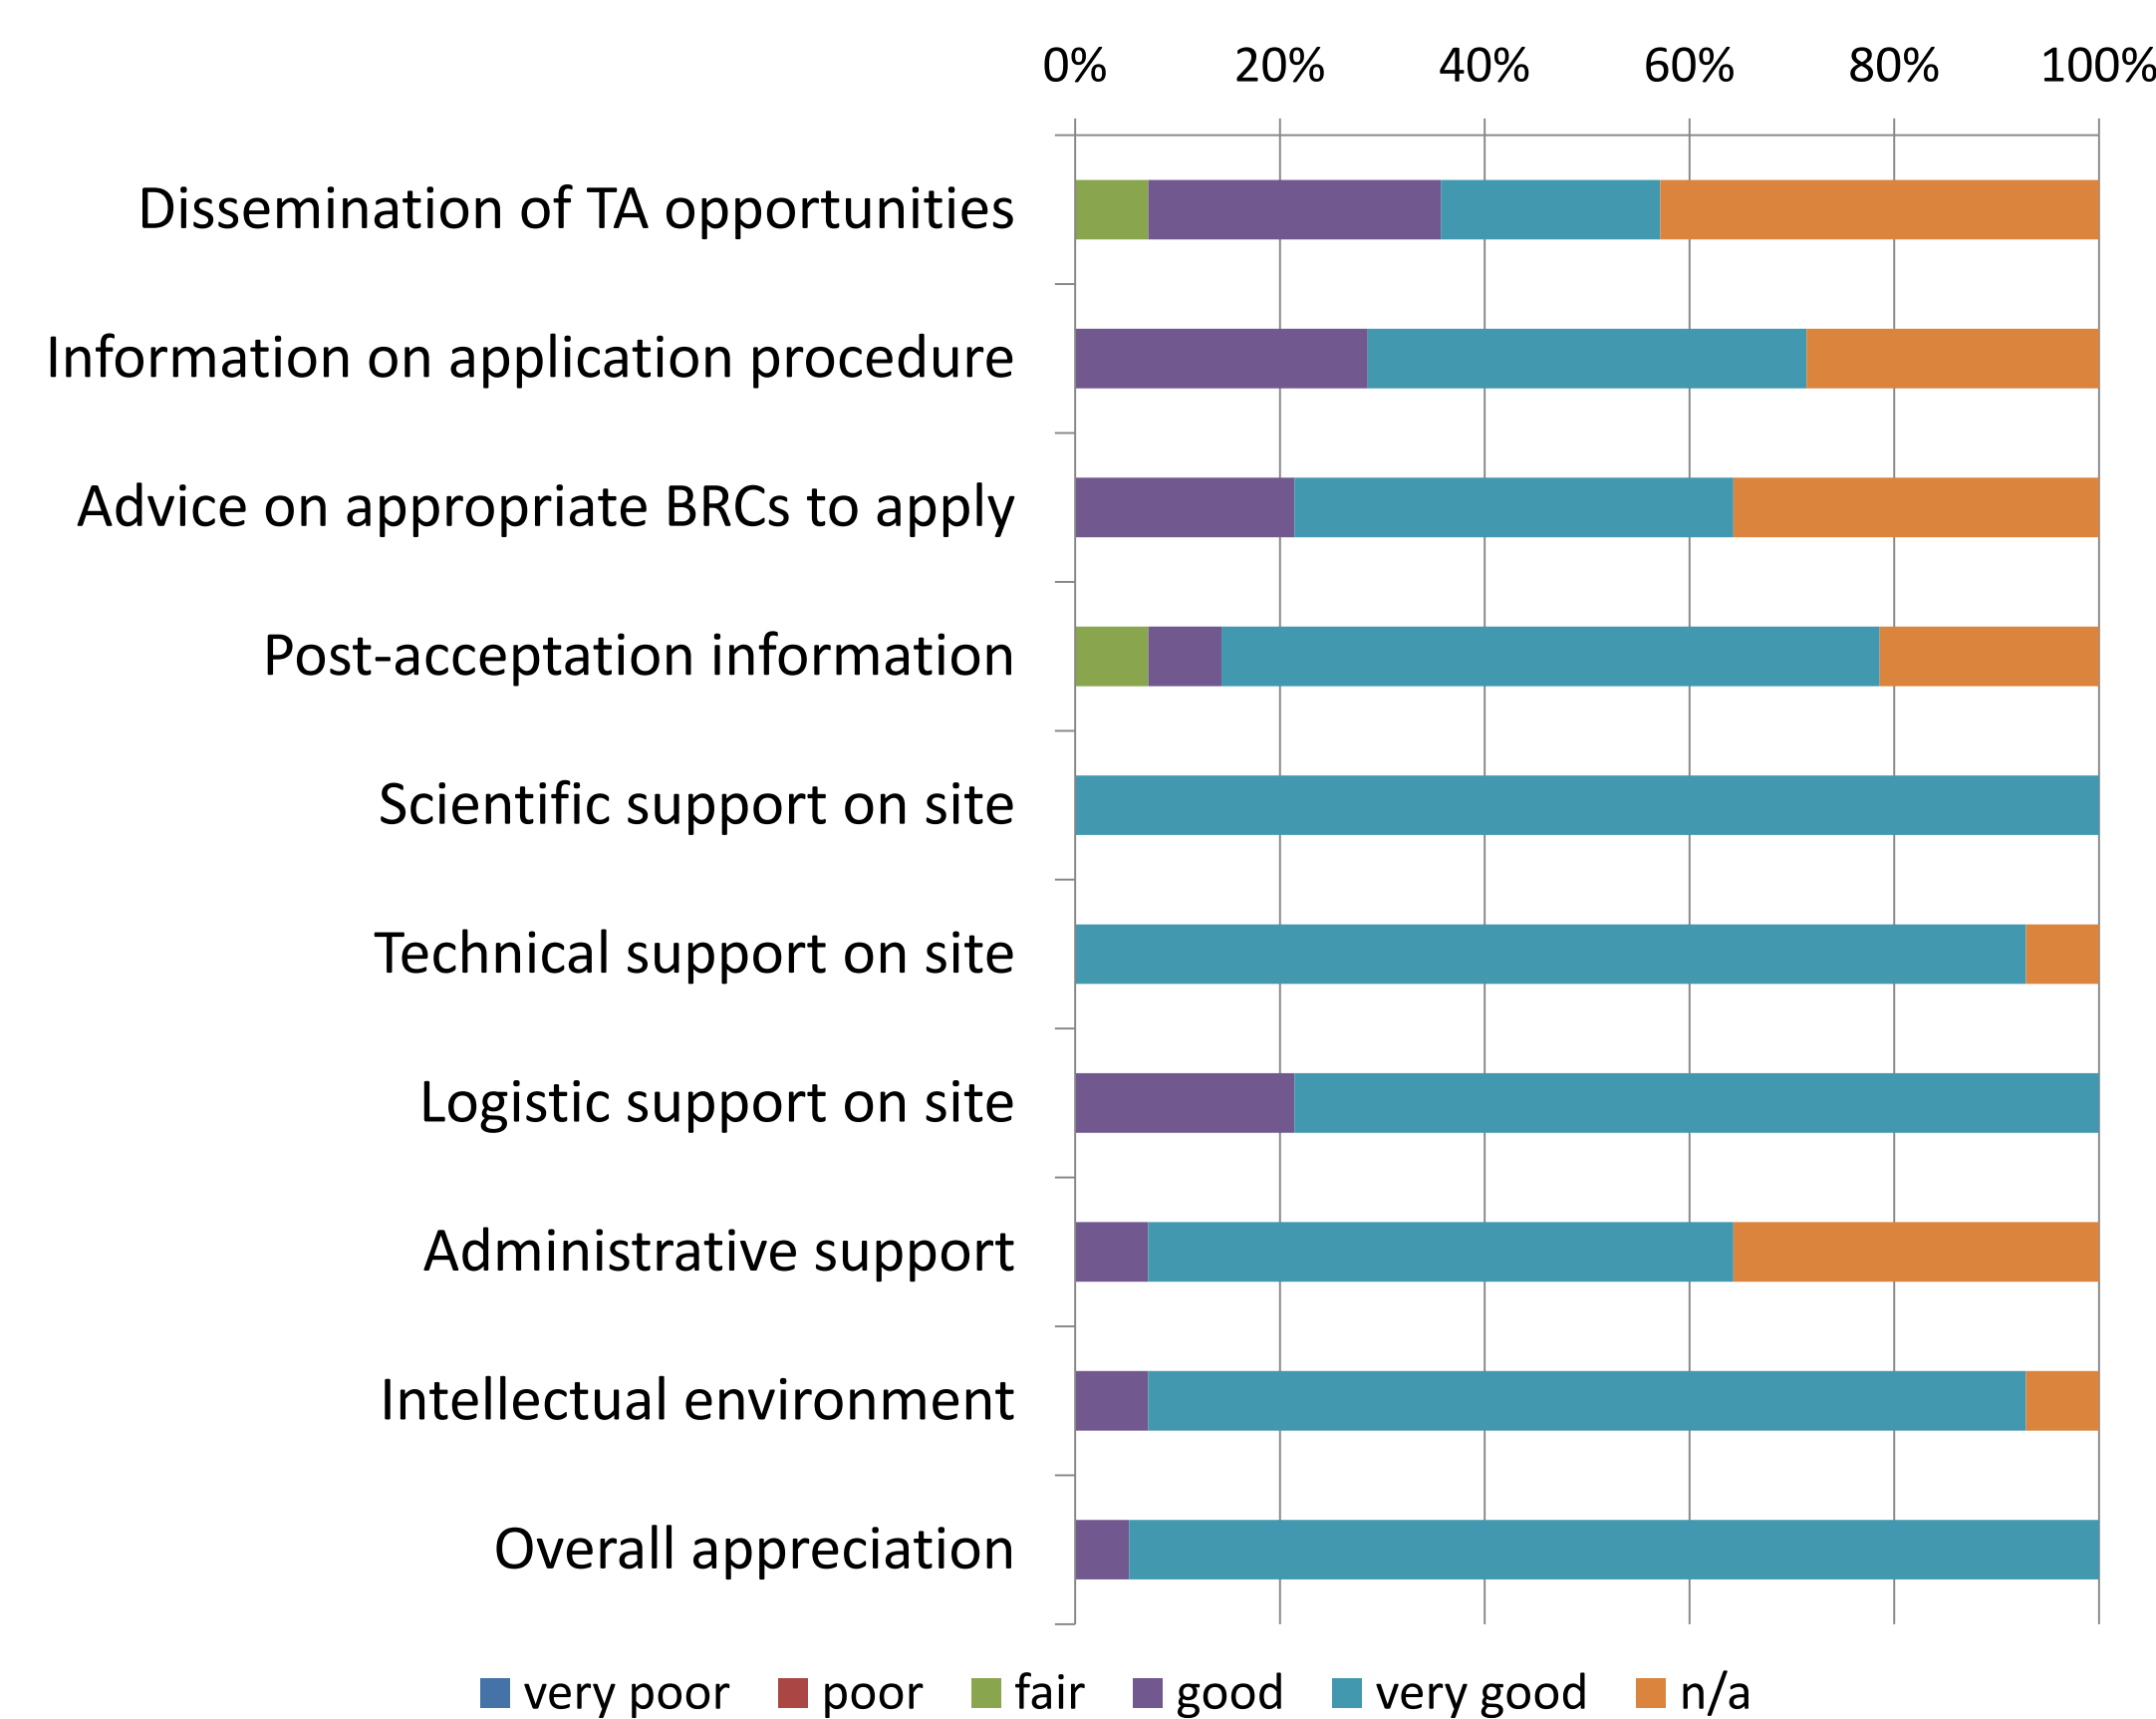

- 3/4 female users

Type of user's institution

- 90% academic users

User satisfaction

- 95% of users very satisfied overall

ECCO XXXI – Closing the gap between science and society
