HAL is a multi-disciplinary open access archive for the deposit and dissemination of scientific research documents, whether they are published or not. The documents may come from teaching and research institutions in France or abroad, or from public or private research centers.

L'archive ouverte pluridisciplinaire **HAL**, est destinée au dépôt et à la diffusion de documents scientifiques de niveau recherche, publiés ou non, émanant des établissements d'enseignement et de recherche français ou étrangers, des laboratoires publics ou privés.

embarc@rennes.inra.fr

- *Study visits* (1 to 6 weeks) in partner BRCs
- *Access* to one or several BRCs
- *Hands-on* sessions and associated training
- For *EU research teams* non-EMbaRC partners
- Selection upon scientific quality
- *Free for the users*: bench fees, travel and subsistence covered by EMbaRC
- *Open to all research organisations*, public or private, from EU Member States and Associated Countries
- No condition on nationality of the users
- Commitment to disseminate results

- Diversity of origin.
- Outreach to many countries not represented in EMbaRC consortium.

A donut chart illustrating the distribution of research experience levels among respondents. The chart is divided into five segments: Undergraduate (red, approximately 33%), Postgraduate (blue, approximately 33%), Post-doctoral researcher (green, approximately 10%), Technician (purple, approximately 10%), and Experienced researcher (orange, approximately 14%).

Research Experience Level	Percentage (Approximate)
Undergraduate	33%
Postgraduate	33%
Post-doctoral researcher	10%
Technician	10%
Experienced researcher	14%

- +50% of MSc and PhD students

[illegible]

- Median: 34 years old
- Average: 36
- 79% under 42
- 26% under 30

A donut chart illustrating the gender distribution of the sample. The chart is divided into two segments: a larger light blue segment representing 'Female' at 65%, and a smaller dark blue segment representing 'Male' at 35%.

Gender	Percentage
Female	65%
Male	35%

- 3/4 female users

A donut chart illustrating the distribution of research funding across four categories. The largest segment is 'University' (blue), followed by 'Public research org.' (red), 'Small or Medium Enterprise' (green), and 'Other organisation' (purple).

Organization Type	Percentage
University	58%
Public research org.	25%
Small or Medium Enterprise	10%
Other organisation	7%

- 90% academic users

Service	very poor	poor	fair	good	very good	n/a
Dissemination of TA opportunities	0%	0%	5%	30%	40%	25%
Information on application procedure	0%	0%	0%	25%	50%	25%
Advice on appropriate BRCs to apply	0%	0%	0%	20%	50%	30%
Post-acceptation information	0%	0%	5%	10%	75%	10%
Scientific support on site	100%	0%	0%	0%	0%	0%
Technical support on site	95%	0%	0%	0%	5%	0%
Logistic support on site	0%	0%	0%	20%	80%	0%
Administrative support	0%	0%	0%	5%	60%	35%
Intellectual environment	0%	0%	0%	5%	90%	5%
Overall appreciation	0%	0%	0%	5%	95%	0%

- 95% of users very satisfied overall

ECCO XXXI – Closing the gap between science and society
