

SCIENTIFIC PROGRAM

DAY 1 – JUNE, THURSDAY 22, 2017

9:00-9:15am

OPENING CEREMONY

Didier Attaix, Corinne Brugère-Malpuech, Ruddy Richard

9:15-10:00am

OPENING LECTURE - Vickie Baracos

The concurrent advancement of cancer nutritional science and oncology clinical practice.

10:00-10:30

Coffee break & Exhibition Visit

10:30-12:00

Session 1 - Epidemiology – Nutritional prevention and Cancer risk

Chair: Paule Latino-Martel & Massimiliano Mazzone

10:30-11:00

Pagona Lagiou – Athens University, Greece

Nutritional epidemiology of cancer: summary of the evidence, challenges and prospects.

11:00-11:30

Pietro Ferrari – CIRC - Lyon, France

Title to be defined

11:30-12:00

Mathilde Touvier – Bobigny, France

Beyond the current state of knowledge on nutrition and cancer risk: insights from the SUVIMAX and NutriNet-Santé cohorts.

12:00-1:00pm

Posters Session 1

1:00-2:00pm

Lunch

2:00-3:00pm

Session 2 - Nutritional care and physical activity for cancer patient

Chair: Yves-Jean Bignon & Pagona Lagiou

2:00-2:30

Martine Duclos – CHU – Clermont-Ferrand, France

Title to be defined

2:30-3:00

Marc Francaux – University of Leuven, Belgium

Title to be defined

3:00-3:45

ORAL COMMUNICATIONS (X3)

3:45-4:15pm

Coffee break & Exhibition Visit

4:15-5:45pm

Session 3 – Nutrition and antineoplastic interactions

Chair: Vickie Baracos & Xavier Durando

4:15-4:45

Bruno Raynard - IGR Villejuif – Paris, France

Title to be defined

4:45-5:15

Romain Daillère – IGR Villejuif – Paris, France

Impact of gut microbiota in the tumoricidal activity of cyclophosphamide: *Enterococcus hirae* as an "oncomicrobiotic".

5:15-6:00pm

ORAL COMMUNICATIONS (X3)

7:00-8:00pm

Visit of the Historic Center of Clermont-Ferrand

8:00pm

Gala dinner in a beautiful place (Clermont-Ferrand downtown)

DAY 2 – JUNE, FRIDAY 23, 2017

9:00-10:00am

Session 4 – Breast Cancer: from experimental approach to clinical

Chair: Marc Francaux & Marie-Ange Mouret

9:00-9:30

Stefania Catalano – University of Calabria, Italy

Obesity and breast cancer link: role of leptin.

9:30-10:00

Samar Basu – University of Uppsala, Sweden

Role of Inflammation and Proangiogenic Factors in Breast Cancer: Regulation by Environmental Enrichment.

10:00-10:45

ORAL COMMUNICATIONS (X3)

10:45-11:15am

Coffee break & Exhibition Visit

11:15-12:15pm

Session 5 – Prostate Cancer: from experimental approach to clinical

Chair: Silvère Baron & Laurent Guy

11:15-11:45

Frédéric Bost – French Institute of Health and Medical Research – Paris, France (fundamental approach)

Energy restriction mimetics and prostate cancer - Title to be confirmed

11:45-12:15

Arkaitz Carracedo – UCL, London, UK

Impact of cellular and systemic metabolism on prostate cancer biology.

12:15-12:45

ORAL COMMUNICATIONS (X2)

12:45-2:00pm

Lunch

CLERMONT-FERRAND
(FRANCE)

CRNH
CENTRE DE RECHERCHE
EN NUTRITION HUMAINE
AUVERGNE

NUTRITION AND
CANCER

JUNE 22-23, 2017

WWW.ICTRHN.FR

2:00-3:00pm

Posters Session 2

3:00-4:30pm

Session 6 – Cancer-related malnutrition, metabolism, dysimmunity

Chair: Didier Attaix & Maurizio Muscaritoli

3:00-3 :30

Massimiliano Mazzone – Vesalius Research Center – Leuven, Belgium

Metabolic control of tumor-associated macrophages: implications for cancer angiogenesis and immunity.

3:30-4:00

Paolo Porporato

Mitochondrial metabolism in cancer: impact on metastasis and progression.

4:00-4:30

Maurizio Muscaritoli - Sapienza University of Rome – Rome, Italy

To be defined

4:30-5:00pm

CLOSING OF THE CONGRESS

Florence Caldéjfe-Chezet, Adrien Rossary, Marie-Paule Vasson (President)
