

To make a sample CVPR paper, copy the contents of this directory somewhere, and type

```
latex egpaper_final
```

or

```
pdflatex egpaper_final
```

To make a copy with the review style (for anonymous review, and including line numbers, replace "egpaper\_final" with "egpaper\_for\_review" in the commands above.

Note that in some environments, it may be necessary to run bibtex explicitly (bibtex egpaper\_final).
