HAL is a multi-disciplinary open access archive for the deposit and dissemination of scientific research documents, whether they are published or not. The documents may come from teaching and research institutions in France or abroad, or from public or private research centers.

L'archive ouverte pluridisciplinaire **HAL**, est destinée au dépôt et à la diffusion de documents scientifiques de niveau recherche, publiés ou non, émanant des établissements d'enseignement et de recherche français ou étrangers, des laboratoires publics ou privés.

EAFE CONFERENCE 2019

XXIV Conference of the European Association of Fisheries Economists
Faculty of Geography, Santiago de Compostela
April 2-4, 2019

XUNTA
DE GALICIA

Xacobeo 2021

Monday, 1st April

18:30

Food market hall (Mercado de Abastos)
Early registrations
Welcome cocktail

Tuesday, 2nd April

8:30 Registrations

9:30

Parainfo.
 Plenary session 1:

Greetings from EAFE President and Regional Minister of Fisheries

10:00

Room 11 (1) Implementation of the CFP Chair TBC	Parainfo (2) Access to fisheries and the right to fish Chair TBC	Room 12 (3) Markets and marketing of fish products Chair Antonio A. Pinilla
Raúl Prellezo: Hyperstability: the impact of stock productivity on input substitution Ralf Doering: Impact assessment for fisheries management measures – instrument to improve decision-making? Richard Curtin: On the Question of the Cost of Capital	D. Castilla-Espino: Efficiency of Southeastern Black Sea anchovy fishery under unobserved heterogeneity Stefán B. Gunnlaugsson: The development of resource rent under ITQ management: Icelandic fisheries 1990 to 2017 Hannah J. Tidbury, Angela Muench: Balancing biological sustainability, economic value and social benefits in the management of fisheries with commercial and recreational exploitation: the application of system dynamics modelling to the European Sea bass (<i>Dicentrarchus Labrax</i> L.) Arne Kinds: Understanding ownership and firm organization in French Atlantic	Ögmundur Knútsson: the role of price settling mechanism on value chain of cod Ramón Jiménez Toribio: The fish processing sector in Spain: the tuna canning industry Alberto Martín: The improvements of the sustainability in the Vasque Country fisheries from the MSC certification of the Sardine, Anchovy and Albacore: more than market benefits. C. Pirrone: Consumer perceptions about coastal fishery and its products - What Focus Groups from Italy and France tell us? R.F. Grassi: the importance of employee and consumer labelling education for a fair

		fisheries : a typology	market of fishery products
11:30	Coffee break		
12:00	Room 11 (4) Implementation of the CFP Chair TBC	Parainfo (5) The role of Small-Scale Fisheries Chair TBC	Room 12 (6) Interdisciplinarity Chair TBC
	Itsaso Carmona: Biologic and economic consequences of using survey data when providing management advice Griffin Carpenter: Issues of ownership in EU fisheries: knowledge, practice, competition, fairness, and sustainability Sébastien Metz: Brexit and Seafood Trade: key lessons learned so far	Raúl Prellezo: (Blue) Growth accounting in small-scale European Union fleets M.Selçuk UZMANOĞLU: Key Factors Influencing the Investment Behaviour in Small Scale Fisheries: A Research on Samsun Shelf Area (SSA) in Turkey Marga Andrés: Diversification of artisanal fishing fleet with marine litter removal activity Rasmus Nielsen: Market based management in small-scale fisheries: Empirical evidence from Nordic countries Ralf Doering: Small-scale fisheries in Germany – any chance for long-term economic viability?	Ögmundur Knútsson: Evaluation of Fisheries Value Chain dynamics; case study of the cod Serena Wright & Angela Muench: Fish and fisheries behavior - Using sparse data to understand variability in landings of commercially important species Kári S Friðriksson: The use of Hierarchical Bayesian Model techniques in fisheries modeling Rannvá Danielsen: The use (and misuse?) of indicators in fisheries management Guðmundur Stefánsson: Comparison of Fisheries Value Chain dynamics; case study of the herring
13:30	Lunch		
14:30	Parainfo Plenary session 2a ; chair: Rosa Chapela (CETMAR) Keynote Speaker: Frangiscos Nikolian, Head of the Economic Analysis Unit Directorate-General for Maritime Affairs and Fisheries, European Commission.		
15:15	Coffee break		
15:45	Plenary session 3a ; chair: Angel Calvo (DG Mare) Blue economy Session		
17:15	Arantza Murillas: Operational instrument to assess the marine sectors activities' direct impacts on the marine environment Staffan Waldo: Fisheries and thriving harbors – is there a value for the tourism sector? Jose L. Santiago: Size and Shape of the blue economy in Europe		

Pedro Diaz Simal: Universidad de Cantabria
Regis Kalaydjian: IFREMER
Mitja Caboni : Port XL
Meredith Loyds Evans: BioBridge (bioscience innovation consultancy)

19:30

Blue economy dinner

End of the first day

Wednesday 3rd April

9:00	Plenary session 4a ; chair Gonzalo Rodríguez USC		
	Keynote speaker: Alicia Villauriz; General Secretary of Fisheries (Government of Spain) on the goals of the CFP		
9:45	Room 11 (7) Markets and marketing of fish products Chair TBC	Paraninfo (8) Aquaculture Chair TBC	Room 12 (9) Economics of climate change Chair TBC
	Leyre Goti: Atypical market behavior of a sustainable fish stock: the case of plaice from the German North Sea fleets Cecilia Hammarlund: The way the wind blows – tracing out the demand for Norway lobster using instrumental variables Antonio Alvarez: What factors explain ex-vessel price formation in fish auction markets? Sterenn Lucas: The impact of price variations on seafood consumption on the sustainability of fisheries? Gonzalo Rodríguez: Price flexibilities for high valued fish species in the Port of Vigo	Tobias Lasner: Barriers of Growth – experts’ views on the stagnating aquaculture sector in Germany Anders Skonhott: Profit and resource rent in the Norwegian farmed salmon industry Jose L. Santiago: Adapt or lose: how to manage the socioeconomic impact of climate change in the Spanish aquaculture, the case of blue mussel. Luca Mulazzani: Economic feasibility and acceptance of insect meal in aquaculture products: a survey of the Italian supply chain Jordi Guillen: Economic impact of the decline in mussel aquaculture production in the EU	Stefán B. Gunnlaugsson: Climate change, backwardness and fisheries: The economic history of Iceland from settlement until present time Sanmitra Gokhale: The role of non-fishing and household income diversification in managing an economic shock in fisheries Melina Kourantidou: Managing a natural asset that is both a value and a pest. Cooperation vs. competition: The Barents Sea Red King Crab Melina Kourantidou: Economic and socioecological indicators for marine resource use and management in the Arctic
11:15	Coffe break		
11:45	EAFE GENERAL ASSEMBLY		
12:45	Lunch		
13:45	Plenary session 3b ; chair: Bertrand Le Gallic		
	Keynote Speaker: Angel Matamoro Irago, Director of CSR of PESCANOVA, on the social responsibility of the fishing firms.		

14:30	Coffe break		
15:00	Room 16 (10) Legal aspects of fisheries management Chair TBC	Paraninfo (11) The role of Small-Scale Fisheries Chair TBC	Teacher's room/Sala de profesores (12) Social dimensions Chair TBC
	<p>Celestina Caccianiga: The role of Producers' Organisations in EU fisheries: a potential case of conflict between management and commercial regulations?</p> <p>Joerg Berkenhagen: An alternative, fisheries-based approach for the segmentation of the fishing fleet</p> <p>Manuel Pacheco Coelho: The fisheries case in the light of a new binding agreement on the conservation of biodiversity in the areas beyond national jurisdiction.</p> <p>Johan Blomquist: Do subsidies to firms increase investments? – An analysis of the investment support to aquaculture and the fish processing industry in Sweden</p>	<p>Juan J. García del Hoyo: Small-Scale Fisheries, Communities and Cultural Heritage</p> <p>Arantza Murillas: A participatory-based mapping of the small-scale inshore fisheries: Towards a holistic management in the Bay of Biscay</p> <p>Antonio Alvarez: Is there an optimal number of days-at-sea? An application to small scale fisheries</p> <p>Kirsten Milliken: The operational and financial performance of the British inshore fleet in the Eastern Channel: a mixed methods analysis</p>	<p>Heather Conejo-Watt: Measuring fishers' perspectives on the socio-economic barriers for the UK under 10m fishery fleet to integrate with aquaculture: A Q-methodological study</p> <p>Vahdet Ünal: Supporting small-scale fishers by increasing the market values of Lessepsian invasive species: A case of Akyaka Fishery Cooperative, Turkey</p> <p>M. Cozzolino: Socio-demographic profile of fishers employed in the Italian small-scale coastal fishing sector: characteristics of the employed and historical prevalence of family contribution</p> <p>Arina Motova: Social data collection in the EUMAP: first steps towards EU fisheries social profiles?</p> <p>Liontakis Angelos: The overlooked role of women in fisheries: the case of the Greek fishing sector</p>
16:30	Coffee break		
17:00	Room 16 ICES WGCOP World Café session Chair TBC	(13) Special session (in Spanish with simultaneous translation) Chair TBC Galician small-scale fisheries: learning from local experiences	Theacher's room/Sala de profesores (14) Implementation CFP Chair TBC

Olivier Thebaud: Integrating economics into ICES science and advice: a survey of existing work and future needs
Patrice Guillotreau: Fishery Management with Poorly Known Dynamics

Antonio Rodríguez: PescadeRías: promoting fish and shellfish from the Galician small-scale fleet
Juan M. González Blanco: The cockle fishery in the fishing community of noia
Gumersindo Feijoo: PescaenVerde: Opportunities and challenges of implementing life cycle assessment in seafood certification

Ana Witteveen: Overcoming economic barriers to selective gear uptake: a framework to increase data available for analysis and advice
Jose L. Santiago: A framework for quantifying the economic effects of quota allocation in mixed fisheries, the case of Galicia.
Hans Ellefsen: Auctions as a way to allocate fish stocks – experiences from the Faroe Islands
Monica Gambino: Measuring capital of the Italian fishing fleet: reviewing the application of the Perpetual Inventory Method

19:00
20:00

Social dinner

End of the second day

Thursday, 4th April

9:00	<p>Plenary session 3a; chair: TBC</p> <p>Keynote Speaker: Dr. Elena Ojea (University of Vigo) Advances in fisheries adaptation to climate change, how can economic research help?</p>		
9:45	<p>Room 11</p> <p>(14) IUU fishing with LDAC speaker: Alexandre Rodríguez: Chair: Hugo Martínez</p>	<p>Paraninfo</p> <p>(15) Social dimensions Chair TBC</p>	<p>Room 16</p> <p>(16) Recreational fisheries Chair TBC</p>
	<p>Gregory Verutes: Spatially explicit risk assessment of fisheries bycatch in data-scarce situations Pedro Galache: Overview of EFCA activities in relation to the fight against IUU fishing Barbara Hutniczak: Understanding progress in combatting illegal, unreported and unregulated fishing Dadi Kristofersson: More ice? Overreproting ice percentage in Icelandic landings</p>	<p>Svjetlana Višnić: Fisherman by motivation or situation? Social data collection on education for the fishing fleet in Croatia Henriksen, E:A comparative study of the effects of change in the fishing industry on settlement pattern in The Faroese Islands, Iceland and Norway. Carlo Paolucci: The Dynamics of the Italian Maritime districts Sezgin Tunca: An Economic Analysis of the Turkish Fisheries Sector 2001-2017 Van Oostenbrugge, J.A.E: Spatial challenges for the Dutch Fisheries, an economic approach Roger Martini: Relative effects of fisheries support policies</p>	<p>Carole Ropars-Collet: Willingness-to-pay of anglers for catch-and-release : results from a choice experiment in Brittany Angela Muench: Measuring the social value of sea angling: combining revealed and stated preference approaches for the UK Barnaby Andrews: Managing marine natural capital: assessing the impact of fisheries management on the utility of recreational sea anglers Pablo Pita: The economic activity of recreational fishing charters in the North Atlantic: the cases of Galicia (Spain) and Madeira (Portugal)</p>
11:15	<p>Coffee break</p>		
12:45	<p>Room 11</p> <p>(17) Special session MedAid</p>	<p>Paraninfo</p> <p>(18) Markets and marketing of fish</p>	<p>Room 16</p> <p>(19)</p>

	Chair TBC	products	Chair TBC
	<p>Elisa Baraibar Díez: Overview of the economic situation of seabream and seabass companies in the Mediterranean area</p> <p>José Fernández Polanco: Demand and price dynamics in the seabass and seabream international market</p> <p>José A. Pérez Agúndez: The Social Acceptability of aquaculture. Emergence, utility and amalgams of a new framework to address an old social issue in policy making</p> <p>M. Cozzolino: Perception and misperception of aquaculture in Italy: food for thought</p> <p>Herrero, A.: Measuring the impact of mass media on consumers purchase of aquaculture products</p> <p>Lamprakís Avdelas: Substitution of seabass and seabream in the Greek market</p>	<p>Stéphane Gouin: How to revitalize the sale of fresh seafood? The sedentary fishmonger of tomorrow</p> <p>M.Selçuk Uzmanoğlu: Competition Elements in the Marine Aquaculture Industry: A Research on Turkey</p> <p>Jose L. Santiago: The PrimeFish Project or how to create shared value in seafood sector by combining the competitiveness and the decision-making</p> <p>Katrin Zander Sustainable seafood from Europe – a consumer perspective</p> <p>Virtanen Jarno: Market integration and price transmission in the Finnish salmonids value chain</p> <p>M. Skirtun: Recent economic developments and market analysis for the Dutch mussel sector</p>	
13:15	Lunch		
14:30	Plenary session 4b; chair: TBC		
	<p>Keynote Speaker: Mario Lopes dos Santos Head of the European Waters and North Atlantic Unit of the European Fisheries Control Agency (EFCA), Monitoring the compliance with Landing Obligation</p>		
15:15	Closure of the Conference - EAFE
