August 14, 2022

This is a table of correspondences of the *mūlakārikās* of the first *kāṇḍa* of Bhartṛhari's *Vākyapadīya*, among the following editions and studies:

- [Rau] Wilhelm Rau, ed. *Bhartṛharis Vākyapadīya. Die Mūlakārikās nach den Handschriften herausgegeben und mit einem Pāda-index versehen*. Abhandlungen für die Kunde des Morgenlandes 42.4. Wiesbaden: Franz Steiner, 1977.
- [Iyer] K. A. Subramania Iyer, ed. *Vākyapadīya of Bhartṛhari with the Vṛtti and the Paddhati of Vṛṣabhadeva. Kāṇḍa I*. Deccan College Monograph Series 2. Poona: Deccan College, Postgraduate and Research Institute, 1966.
- [Biardeau] Madeleine Biardeau, trans. *Bhartṛhari. Vākyapadīya Brahmakāṇḍa. Avec la Vṛtti de Harivṛṣabha. Texte reproduit de l'édition de Lahore*. Publications de l'Institut de civilisation indienne 24. Paris: Éditions E. De Boccard, 1964.
- [Lahore] Cārudeva Śāstrī, ed. *Vākyapadīyam. Prathamam Kāṇḍam*. Lahore: Ram Lal Kapoor Trust Society, 1935.
- [Aklujkar] Ashok Aklujkar. "The Number of *Kārikās* in *Trikāṇḍī*, Book I". In: *Journal of the American Oriental Society* 91.4 (Oct.–Dec. 1971), pp. 510–513.

When a *kārikā* does not appear in the *mūla* text but instead in the *Vṛtti*, the *kārikā* under which it occurs is prefixed with the term *ad*. For instance, "*ad* 44" means that the *kārikā* appears in the *Vṛtti* on *kārikā* 44.

Biardeau does not reproduce *verbatim* the text of the Lahore edition. She emends it here and there and, most importantly, she corrects a numbering issue : in the original text, the numbering of the *kārikās* skips from 45 to 47, thus shifting by one the following *kārikā* numbers. See Biardeau's comment on p. 88, n. 3.

Iyer uses two numbering systems in his edition. He surrounds within brackets *kārikā* numbers he used in his translation, which was published one year before his edition. These numbers are the same as Biardeau's and are thus omitted from the table below. By contrast, *kārikā*

numbers that Iyer does not surround with brackets are the newest ones he introduced while editing the text. It is these numbers that the table below reproduces.

Aklujkar has not edited the text, but he did state which *kārikā* he believes should be considered part of the *Vṛtti* instead of the *mūla*. The corresponding column below indicates the *kārikā* numbers that would result from these choices.
