Submitted on 29 Jul 2019

HAL is a multi-disciplinary open access archive for the deposit and dissemination of scientific research documents, whether they are published or not. The documents may come from teaching and research institutions in France or abroad, or from public or private research centers.

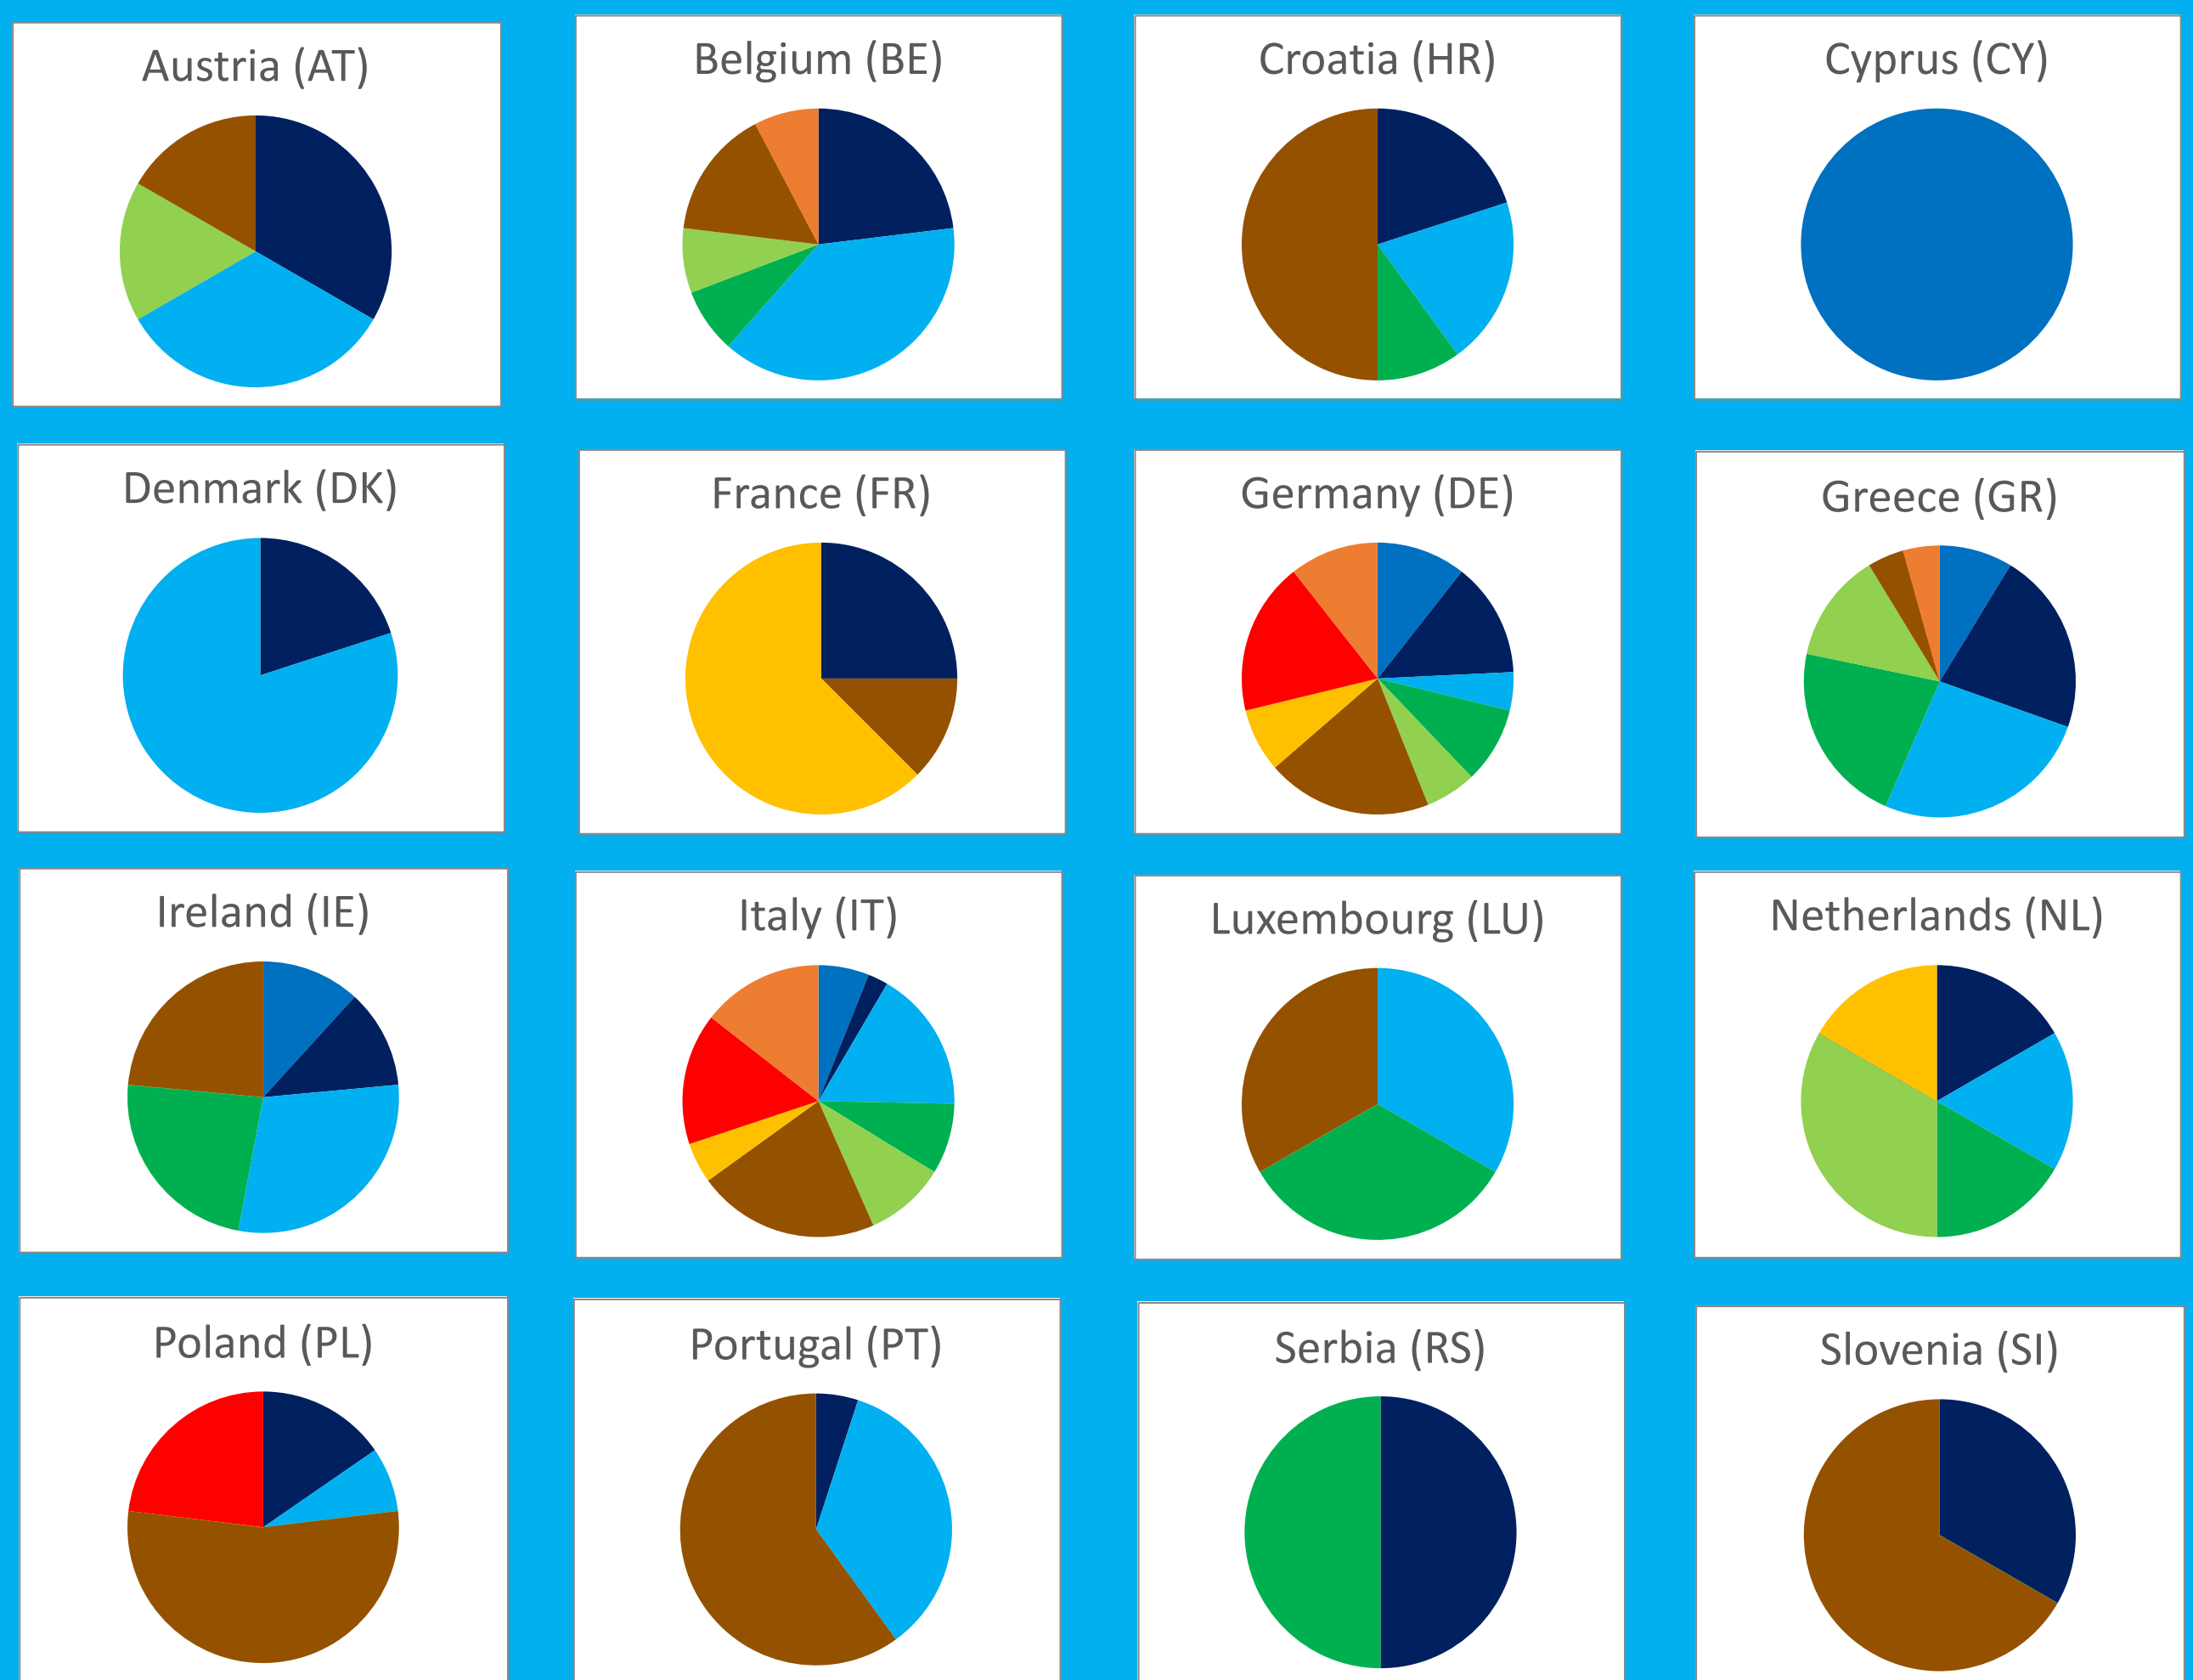

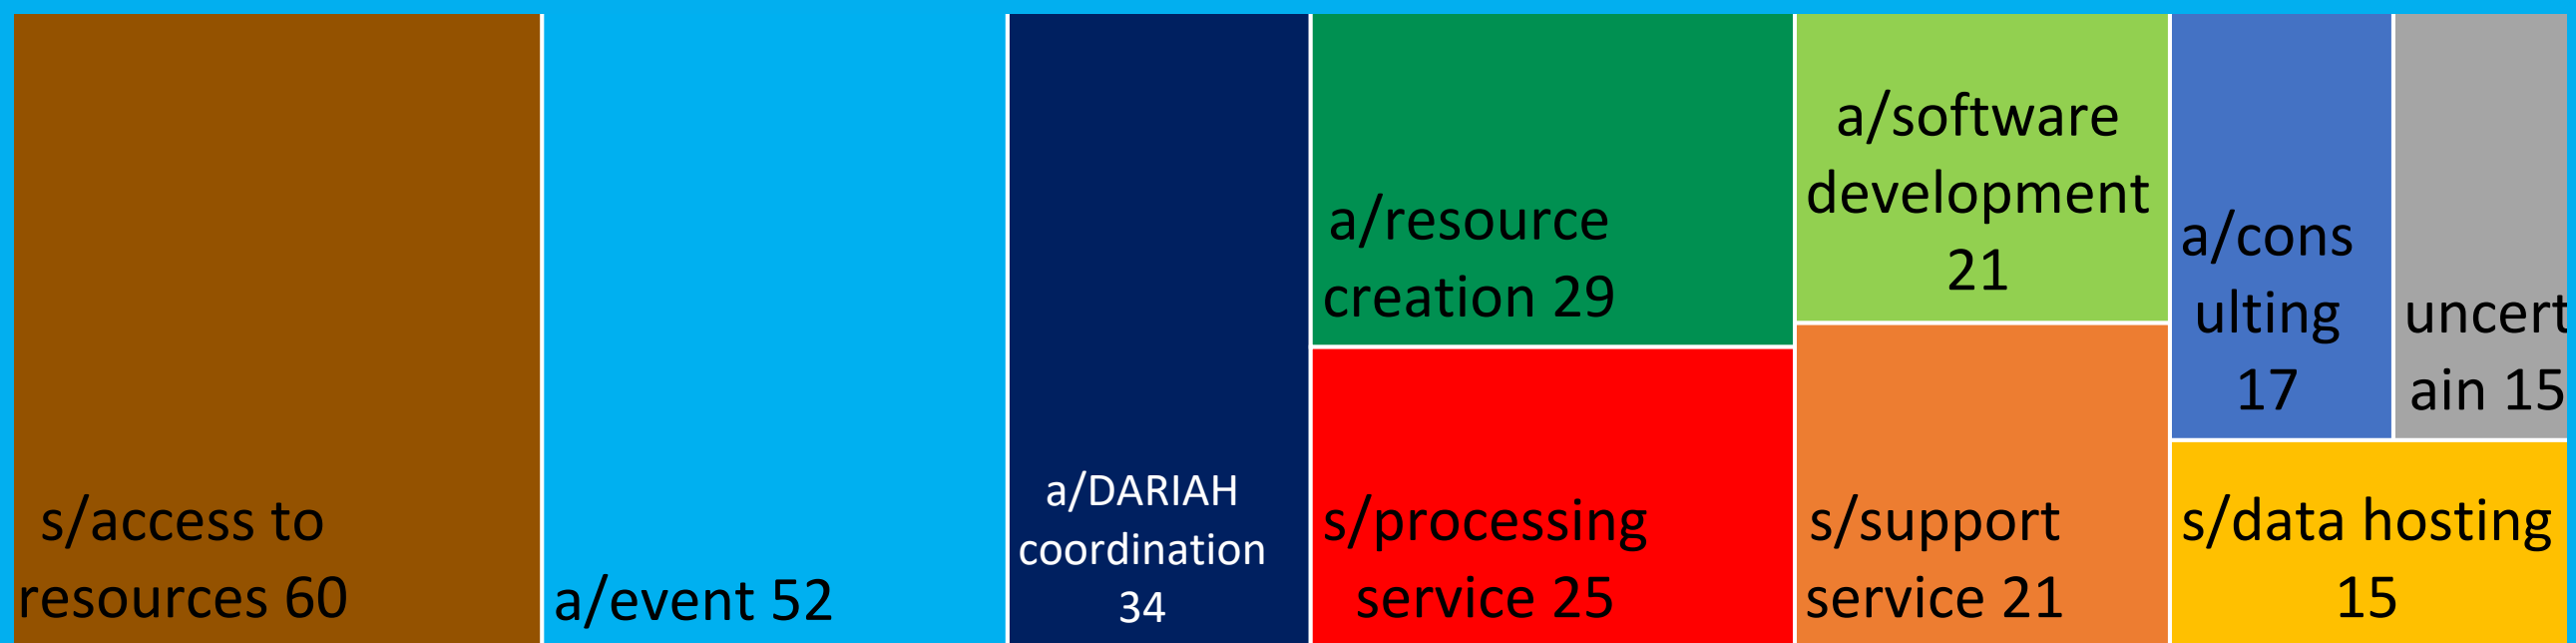

L'archive ouverte pluridisciplinaire **HAL**, est destinée au dépôt et à la diffusion de documents scientifiques de niveau recherche, publiés ou non, émanant des établissements d'enseignement et de recherche français ou étrangers, des laboratoires publics ou privés.

Title: Annotator.js

Year: 2017

Country: DE: Germany

Selected by National Coordinator: Frozen

Time of freezing: VCC2

Type: service / processing service

Description: Annotator.js is an open-source JavaScript library to easily add annotation functionality to any webpage. For the DARIAH-DE infrastructure, the annotation tool is being adapted and further developed.
