HAL is a multi-disciplinary open access archive for the deposit and dissemination of scientific research documents, whether they are published or not. The documents may come from teaching and research institutions in France or abroad, or from public or private research centers.

L'archive ouverte pluridisciplinaire **HAL**, est destinée au dépôt et à la diffusion de documents scientifiques de niveau recherche, publiés ou non, émanant des établissements d'enseignement et de recherche français ou étrangers, des laboratoires publics ou privés.

BOX

#ethnicity #artificialintelligence #computervision

BOX: Ethnicity in Artificial Intelligence

BOX is an artwork that exposes some of the social and political impact of artificial intelligence, computer vision, and automation. The project uses a commercially available computer vision system that predicts the interactor's ethnicity... locks or unlocks itself depending on this prediction. The artwork showcases a possible use of computer vision, making explicit the fact that every technological implantation crystallises a political worldview.
