**Corrigendum: Surprising Differences
of Alkane C-H Activation Catalyzed by
Ruthenium Nanoparticles: Complex
Surface-Substrate Recognition?**

ChemCatChem **2018**, *10*, 4243–4247

DOI: 10.1002/cctc.201801022

After publication, the authors noticed that they failed to acknowledge the support received by Donia Bouzouita and Bruno Chaudret as participants of the EU ISOTOPICS consortium. The ISOTOPICS project has received funding from the European Union's Horizon 2020 research and innovation programme under the Marie Skłodowska-Curie grant agreement N°675071. The authors and editorial office apologize for the oversight.
