**HAL** is a multi-disciplinary open access archive for the deposit and dissemination of scientific research documents, whether they are published or not. The documents may come from teaching and research institutions in France or abroad, or from public or private research centers.

L'archive ouverte pluridisciplinaire **HAL**, est destinée au dépôt et à la diffusion de documents scientifiques de niveau recherche, publiés ou non, émanant des établissements d'enseignement et de recherche français ou étrangers, des laboratoires publics ou privés.

## A Corrigendum on

### OceanGliders: A Component of the Integrated GOOS

by Testor, P., de Young, B., Rudnick, D. L., Glenn, S., Hayes, D., Lee, C. M., et al. (2019). *Front. Mar. Sci.* 6:422. doi: 10.3389/fmars.2019.00422

In the published article, there was an error in affiliation 56. Instead of “KUGON, Kyungpook, South Korea,” it should be “School of Earth System Sciences, Kyungpook National University, Daegu, South Korea.”

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
