Dear Dr. Boulanger :

We are pleased to inform you that the final version of your paper (joint with S. Ghazaoui)

**$SL_2(R)$ -dynamics on the moduli space of one-holed dilation tori**

is accepted for publication in the Israel Journal of Mathematics.

We would greatly appreciate your sending us a copy of the manuscript as a tex (or latex) file via electronic mail. The file you send us should fully correspond to the last version that you have submitted. In case you choose to make any changes, please let us know about it, explaining what was done (and why). In this case, please also send us the corresponding pdf file. In any case the paper will be sent to you for final proof-reading.

We thank you for your cooperation in this matter.

Sincerely yours,
