Error in Figure

In the original publication [1], there was a mistake in **Figure 1** as published. **The chemical formulae of nucleolipids, i.e., DOTAU and diC16dT, did not display correctly, as the repeats of carbon atoms in the lipid chain (parenthesis and number of repeats) were missing.** The corrected **Figure 1** appears below. The authors apologize for any inconvenience caused and state that the scientific conclusions are unaffected. This correction was approved by the Academic Editor. The original publication has also been updated.
