Correction to: *Nature Medicine* <https://doi.org/10.1038/s41591-021-01641-x>, published online 24 January 2022.

In the version of this article initially published, reference 48 (Nurden P. et al. *Br. J. Haematol* **110**, 704–714 (2000)) was incorrect; it should have been Berrou, E. et al. A mutation of the human *EPHB2* gene leads to a major platelet functional defect. *Blood* **132**, 2067–2077 (2018). Further, the Acknowledgements section omitted the statement “We also thank the CIQLE Laënnec-Centre d’Imagerie Quantitative Lyon-Est (France) for expert technical assistance with the electron microscopy studies, and we thank J. C. Bordet (Laboratoire d’Hémostase, Centre de Biologie Est, Hospices Civils de Lyon, Bron, France) for his expertise in transmission electron microscopy and image analysis.” The changes have been made to the HTML and PDF versions of the article.

Correction to: *Nature Medicine* <https://doi.org/10.1038/s41591-022-01863-7>, published online 28 June 2022.

In the version of this article initially published, there was a typographical error in the first sentence of the third paragraph, now reading in part, “The National Center for Advancing Translational Sciences (NCATS), established in 2011,” where 2012 was originally listed as the year of establishment. The error has been corrected in the HTML and PDF versions of the article.
