

Supp Mat 1: ProSuLi project’s questionnaire used for the questionnaire survey.

QUESTIONNAIRE FOR ProSuLi PROJECT

Date

Questionnaire number:

Village:

This survey is conducted by ProSuLi in partnership with the University of Zimbabwe (UZ), Department of Animal Science. Its purpose is to develop a list of livestock interventions and also develop a catalogue of community-based livestock indicators. The information will be used to monitor and evaluate livestock interventions being implemented by ProSuLi in ward 15, Sengwe district. Your participation will be greatly appreciated.
