## OUR MISSIONS

- ★ Bringing together the scientific community, higher education students and local stakeholders
- ★ Anchoring research in major social and environmental challenges
- ★ Incubating projects and supporting them
- ★ Gathering a community of actors in thematics and a wider one in methodology

# Our main orientations for 2022/2023

# La méthode trait d'union

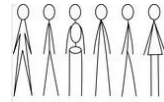

## 1. Emergence of the topic

- To bring out the social demands
- To facilitate throughout emergence workshops
- To welcome social demands based on social needs from NGOs, collectives or small-sized enterprises
- To contribute to an observatory ([www.resolis.org](http://www.resolis.org))

## 2. Pre-Project Incubation

Go-between

Co-construction

## 3. Following the project

Following through a 'third-party' (either academic or professional)

Specific support:

- Trainings
- Building up Scientific Committees
- Hackathons
- Links with other communities in other disciplines
