ERRATUM

Journal of Behavioral Addictions, 11 (2022) 3, pp. 874–889

DOI: 10.1556/2006.2022.00063

As a result of a mistake made during the production phase, the above paper was published with the in-text citations appearing in an incorrect order, first as an Online First article on 20 September 2022, and later in the 3rd issue of Volume 11 (2022) on 26 September 2022.

This erratum is to announce the following corrections:

After serious considerations, the Publisher and the Editor-in-Chief decided to republish the article, with a note on the first page (874) of the article informing readers of seeing a corrected version, simultaneously publishing this erratum to be transparent about the process. Since the above error impacted the understanding of the article, while the overall results and conclusions are upheld, and there were no concerns about the integrity or reliability of the reported work, replacing the original online version and the simultaneous publication of this erratum seems an ethical and transparent decision.

To the best of our knowledge, these actions were taken in accordance with the guidelines of the Committee on Publication Ethics (COPE).

Without changing the content in any other way, the online paper is now replaced by a corrected version in which the in-text citations have been placed in the right order, while the fact of the republication is clearly marked in the pdf version as well.

We apologize for the mistake.
