HAL is a multi-disciplinary open access archive for the deposit and dissemination of scientific research documents, whether they are published or not. The documents may come from teaching and research institutions in France or abroad, or from public or private research centers.

L'archive ouverte pluridisciplinaire **HAL**, est destinée au dépôt et à la diffusion de documents scientifiques de niveau recherche, publiés ou non, émanant des établissements d'enseignement et de recherche français ou étrangers, des laboratoires publics ou privés.

Erratum

Frustration in periodic systems : exact results for some 2D Ising models

G. André, R. Bidaux, J.-P. Carton, R. Conte and L. de Seze

DPh-G/PSRM, CEN Saclay, B.P. 2, 91190 Gif sur Yvette, France

J. Physique, **40** (1979) 479.

In section 2.2, page 482, first line of the formula (4), the second term inside of the square bracket should be read

$$\cosh^2 2K \cosh 2(K + K')$$

instead of $\cosh^2 2K \cosh (K + K')$ as written in the text. All the arguments presented in the sequel rely on the correct expression so that none of our related conclusions has to be altered or canceled.
